DIAL-A-RIDE & ADA PARATRANSIT SERVICE

The Sandusky Transit System (STS) Dial-A-Ride is a demand responsive, curb-to-curb, advance reservation, shared ride transportation service that is provided within Erie County. STS is open to the general public and vehicles are wheelchair accessible.

There are no restrictions on the purpose or the number of trips which may be taken. Riders are required to share the vehicle with other riders who are traveling at the same time in the same direction. The number of carry-on items is limited to what the rider can comfortably carry.

STS vehicles are handicapped accessible and designed to accommodate wheelchairs, walkers, crutches, canes, service animals or other mobility aids. Lifts and tie-downs accommodate most commonly used wheelchair models. Please contact STS dispatch to see if your wheelchair can be transported safely.

If you have a disability that prevents you from using STS fixed-route service, paratransit service will travel up to 3/4 mile one-way distance from an STS line.

Paratransit service is available to qualified individuals who apply, following an assessment made by STS staff and healthcare professionals. The application for paratransit services can be found online at sanduskytransit.com.

Car seats are not provided. If your child requires a car seat, you must provide one.

Accessing Dial-A-Ride & Paratransit Service

- Call 419.627.0740 to schedule your ride up to two weeks in advance.
- Advance reservations are required.
- In-person dispatch of any special needs such as a wheelchair, personal attendant, or a service animal.
- Be ready 15 minutes before and after your scheduled ride. This is a pick-up "window" of time. The driver will wait up to 5 minutes.
- Cancellations must be received no later than two (2) hours before the scheduled pick-up time to avoid a late cancellation charge.
- Riders who do not take a scheduled ride when the vehicle has arrived or is more than 5 minutes late will be charged for a no-show.
- Three or more late cancellations or no-shows in a 30-day period will prompt a review that may result in a suspension of service for up to 30 days.

Assistance

Assistance will be provided by the driver when boarding and alighting from the vehicle. The driver will be down wheelchairs, secure packages, and assist with seat belts. If passengers require a mobility assistance attendant or a service animal, please notify the STS dispatcher at time of reservation. The attendant may ride free.
